

The Times-Union's Party at Louisville.

The Louisville Courier-Journal of Aug 13th reproduces the pictures of Florida's Fair Commissioners and says:

A bunch of pretty girls from the land of flowers, the lady commissioners of the World's Fair from the state of Florida, passed through Louisville last evening en route to St. Louis. They came in on the Southern railway at 7:10, leaving at 10:15 spending the intervening time looking over the city, after taking supper at the Louisville Hotel. The party was in charge of George W. Wilson, editor of the Jacksonville Times-Union, and Mrs. Wilson. These commissioners were selected by a voting contest from the coupons running in the Jacksonville Times-Union, this method of selection being authorized by the World's Fair authorities. The Times-Union is maintaining at the fair at its own expense an exhibit of the resources of Florida, and the commissioners are going there to inspect it and add to it.

"Kentucky is simply beautiful," said one of them, speaking of the blue grass region they came through yesterday. Of course, they are expecting and will have a big time at the fair. They will remain there about ten days.

THE SOCIETY EDITOR OF THE BANNER INTERVIEWED.

Newspaper women form an important factor in getting out the daily papers of Florida, according to information of Miss Sara Elizabeth Harris, of the Ocala Banner, who was in Louisville last night. She is society editor of her paper, and says that she does not know of a paper in her state which is not partially written every day by a woman or women. While the papers are all small, she says, the work of the woman is just as important on the scale of the publication, and she expects the field of her sex in daily journalism to grow with the newspapers.

"I do not expect to see the work of women extend to all departments of the paper," Miss Harris continued, "but I do expect to see her sphere in the society columns come to be regarded with more and more importance as the years pass."

**Violent Attack of Diarrhoea Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy and Perhaps a Life Saved.**

"A short time ago I was taken with a violent attack of Diarrhoea and believe I would have died if I had not gotten relief," says John J. Patton, a leading citizen of Patton, Ala. "A friend recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I bought a twenty-five cent bottle and after taking three doses of it I was entirely cured. I consider it the best remedy in the world for bowels complaints. For Sale by Anti-Monopoly Drug Store. m

Solon lived 500 years before Christ. When asked "Which is the most perfect government?" replied: "That where the least injury done to the meanest individual is considered an insult to the whole state." Governments have arisen and fallen since then, and different forms of religion have left their impress upon the consciences of different peoples, yet no statesman or philosopher has arisen to give a better definition of government. Solon, by this one answer, has made his name stand for wisdom throughout the ages.

**Was Wasting Away.**

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles cured me and I am now sound and well." Durring the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidney at once by using Foley's Kidney Cure. For sale by Post Office Drug Store. m

We have views of Mr. Parker on the lawn, on horseback, a foot, a swim, at breakfast, dinner and supper, with his family, without his family, with his coat off, with his coat on, with hat on and off, but we have seen nothing as to what he said before or after dinner.—Gonzales (Tx.) Inquirer.

**FOLEY'S HONEY AND TAR**  
for children's use. No price.
